DDOT To Begin Communications Infrastructure Installation on the C Street Project

The District Department of Transportation (DDOT) has started communications infrastructure work at the intersections of North Carolina Ave NE & 14th St NE and Constitution Ave & 14th St NE (see illustration below) through October 31, 2021, weather permitting. Daily single lane closures will take place between 9:30 a.m. and 3:30 p.m., Monday through Friday.

DDOT will also be conducting drainage infrastructure work along eastbound C St NE between C St NE & 21st St NE and 17th Pl NE (see illustration below). The anticipated completion time is three weeks and will shift westbound as this work progresses. Daily single lanes closures have been approved along C St NE in both eastbound and westbound directions between 9:30 a.m. and 3:30 p.m., Monday through Friday.

Parking is prohibited in the work zone, and safe accommodations for pedestrians and cyclists will be enforced. Traffic controls and signage will be in place to safely guide all motorists through the work zone. Motorists are urged to use caution when traveling through the work zone, to anticipate moderate delays, and to be mindful of pedestrians, cyclists, and construction personnel.

The completed project will improve overall safety for pedestrians, motorists and cyclists along the C Street NE corridor as well as improved overall pedestrian safety, installation of protected bicycle lanes, curb extensions and raised sidewalks, ADA compliant intersections, traffic calming measures, improved bus operation, improved traffic signal operation, upgraded street lighting and enhanced streetscape and green spaces.
